

# GREAT GUARDIANS LINK™

# CONQUER THE REALM

Great Guardians Link™ combines favorite characters from Konami’s popular Great Guardians™ slot with proven math, features, and mechanics taken after the world-famous All Aboard™ linked progressive series. Players will recognize their favorite All Aboard credit collection feature in the game, but with Asia-inspired art and animation, set around the Chinese historical tradition of the four mythological guardians. In addition to working their way to jackpots during the familiar credit prize collection feature, players have the chance to win an instant standalone progressive jackpot randomly during primary play, as it randomly appears atop a Trigger symbol. With inspiration from tried-and-true Konami slot game successes like All Aboard and Great Guardians, Great Guardians Link is arriving to casinos on both DIMENSION 49J™ and DIMENSION 75C™. The series supports a mix of multi-denom options and custom merchandising.

## GAME PLAY

Great Guardians Link is a 1-level linked progressive series with a standard 5-reel base game. Similar to All Aboard, players can seek out the popular credit collection feature and fun free games, with the addition of a special jackpot trigger symbol for the game’s 1-level standalone progressive. Games features are awarded through the following bonus events:

### GREAT GUARDIANS FEATURE:

Any 6 or more yin-yang symbols trigger the Great Guardians Feature.

As in All Aboard, the symbols that triggered the feature transform to random coin credit prizes, held in place for the duration of the feature, while the remaining symbol positions become independent reels filled only with blank spaces and more random Coin credit prize symbols. Three spins are awarded at the start of the feature, resetting to 3 any time a new Coin credit symbol lands. Displayed prizes are awarded again and again for each spin that yields a new Coin. And prizes can include the Mini Bonus, Minor Bonus, Major Bonus, Mega Bonus, and random credit awards, scaled by bet level and denomination. The feature continues until no spins remain, or all positions are filled. If all 15 reel positions are filled, the big linked progressive Grand is awarded.

**FREE GAMES:** Throughout primary play, Scatter symbols appear across the center reels, awarding free games whenever 3 or more are collected. Additional free games can be awarded during the free game feature. And the Great Guardians Feature can also occur during the free games.

**PROGRESSIVE JACKPOTS:** Randomly throughout primary play, the game’s 1-Level standalone progressive award can appear overtop a yin-yang trigger symbol. If this jackpot yin-yang symbol lands in combination with the Great Guardians Feature, then the corresponding jackpot is awarded before the Great Guardians Feature begins. The game’s 1-Level linked progressive jackpot and 1-Level standalone progressive jackpot can also be awarded via mystery trigger anytime throughout primary play.

Under the watchful eye of a fierce blue dragon, Great Guardians Link Dragon™ takes players on a ride to big potential riches. Any 3 Dragon scatter symbols award up to 9 free games. At the start of the free games, a rush of extra Wild symbols are added to the reels, for even greater reward potential.

A fiery, great-winged creature fills the screen with anticipation in Great Guardians Links Phoenix™. Its size and might previews a gigantic symbol feature in the free games, awarded with any 3 Phoenix scatter symbols. Throughout the free game feature, the center reels are transformed into 1 oversized spinning reel, for big potential line wins, not to mention a chance at triggering the credit collection feature.
